

FutureFit SmartFP & SmartDyno sporcular ve hastalar için performans değerlendirme, gelişim takip, sakatlık önleme ve rehabilitasyon için tasarlanmış; yapay zeka destekli, çok yönlü, kullanımı kolay, taşınabilir sistemlerdir.

FutureFit SmartFP & SmartDyno are AI-powered, versatile and user-friendly portable systems designed for performance evaluation, progress tracking, injury prevention, and rehabilitation for athletes and patients.

01 Üstün Performans / Superior Performance

- Kablosuz bağlantı / Wireless connectivity
- Yüksek hassasiyetli sensörler/ High precision sensors
- Yüksek örneklem hızı/ High sampling rate (SmartFP- 800 Hz & SmartDyno- 400 Hz)
- Dahili batarya ile uzun süreli kullanım/ Prolonged usage time with built-in battery

Efektif Raporlama / 02 Effective Reporting

- Canlı veri analizi / Live data analysis
- Bulut destekli ve paylaşılabilen raporlama / Cloud-enabled and shareable reporting
- Dinamik arayüz / Dynamic dashboard
- Masaüstü ve tableten erişim / Access via desktop and tablet
- Gelişim takibi / Progress tracking
- Antrenman modu / Training mode

03 Taşınabilir ve Kullanımı Kolay / Portable and Easy to Use

- Hafif / Light weighted
- Kablosuz bağlantılı / Wireless connection (Bluetooth 5.0)
- Kullanımı kolaylaştıran aksesuar seçenekleri / Range of accessories that enhance ease of use
 - Tension Links, Flat Pad, Curved Pad, Plam Pad, Adjustable Strap, Ankle Strap, Carabiners

A person is sitting on a black treatment table. A tablet is placed on the table to their left, displaying a software interface with a human figure and a graph. The person is wearing black leggings and white socks with black stripes at the top. A black sensor device is attached to their right thigh. The table has 'HANTON' written on its side. A wooden box is visible in the background.

- ## 05 Testler / Tests

-
- A woman with long brown hair, wearing a white t-shirt and black leggings, stands on two black force plates. She has her hands clasped in front of her. To her left, a laptop sits on a wooden stand with the word 'MOBECA' written vertically on its side. The laptop screen shows a software interface with a stick figure and various data points. The background is a dark room with a window and some exercise equipment like a blue ball and a trampoline.
